

OmniVantage

OmniVantage

OmniVantage is a unique product designed for the premier customers of First Guardian Equities to be able to be in touch with the Colombo Stock Exchange no matter where they are or how busy they are.

OmniVantage is designed to keep you ahead of the competition in this highly volatile and unpredictable market, thus giving you that added advantage in which to profit from, an advantage you have when the markets follow you.

With OmniVantage the markets follow you

The system which is one of a kind in Colombo, has been designed to alert investors of price movements of stocks in which the investor has interest in and to check their account balances and portfolio values.

With OmniVantage the doctor, the lawyer, the cricketer and the busy socialite will all have the same time advantage as the professionals in the market.
